## SMART NCS-Cancel/Presence Switch (CB-34)

CB-34 is a Cancel/Presence switch usually installed by the door of the patients' room. It can cancel any Normal/ Emergency or Critical Nurse Call activated from the room.
The nurse will use CB-34 after a call has been taken care of and there is no more activated call associated with the room.
CB-34 also comes with RFID tag/card reader for workflow management and control means.
