

**WIRELESS NCS- PEAR PUSH SWITCH (PBW-01)**

PBW-01 is the pear push nurse call switch attached to the wireless patient's panel (WB-01) via a Rj-11 coiled phone cord which also provides the 12 VDC to it. Pushing the PBW-01 pear push switch activates a Nurse call on the Wireless Staff Console (K-USB) alerting the management staff of the call.

**Technical Specifications:**

Weight	75 g
